OSSOL

where lubrication meets Innovation

OSSOTECH

Grades

32 / 46 / 68

SKUs Available

26Ltr / 10Ltr / 5Ltr

Product Description

OSSOL OSSOTECH Oils are premium inhibited, general purpose circulating & hydraulic oils made from highly refined base oils, fortified with Anti-Wear, Anti-Oxidant, Anti-Rust & Anti-Foam additives.

OSSOTECH Series have high Anti-Oxidant properties which imparts longer service life, Presence of Anti-Wear additives provide excellent protection of pumps, hydraulics & circulation systems. It separate water rapidly & provide Effective rust protection.

Recommended for non-turbine circulating systems & for stationary and mobile hydraulic systems operating at moderate pressures, particularly where long service life is desired. It is suitable for gear, piston & Van hydraulic pumps operating at pressures more than 7 MPa (1000 psi) and and speed 1200 rpm.

LARK DOT

Grades

DOT 3

DOT 4

SKUs Available

1Ltr / 500ml / 250ml / 100ml

1Ltr / 500ml / 250ml

Product Description

OSSOL LARK DOT Brake fluid is poly-glycol-based brake fluid designed for extra high performance, use in automotive disc, drum, hydraulic brake system.

LARK DOT Brake fluid has superior high temperature stability which helps in trouble free functioning. It has excellent oxidation stability showing resistance to oxidation abilities encountered at high temperatures.

Recommended for use in applications requiring disc, drum & anti-skid braking system of all commercial vehicles, passenger cars and motorcycles operating under moderate conditions requiring DOT 3 or DOT 4 level performance.
